(This story takes place after BFB. Basketball is sleep deprived and fell asleep on her and Snowballs bed. Snowball being the caring boyfriend he is, does his best to take care of her. Oh and they share a house so I hope that helps!!)

(:NOTE: I'm not as experienced with writing stories so if its rushed or worded weirdly its cause I don't have a lot of experience with writing stories so, PLEASE DONT ATTACK ME FOR IT BEING SLIGHTLY RUSHEDD! I'M TRYING MY BESTTT)

:ENJOY!:

:Basketballs POV:

Ugh. I finally got home after a long day as a gym coach. I enjoyed my job very much but it was so tiring and stressful sometimes. I walked through the door, took my shoes off and started for me and my boyfriend Snowball's shared room. Me and him have been together since the mid point of BFB which isn't really long but to me, it means a lot. But sadly, Snowball was still at work for the next hour which left me home alone for a bit.

I continued walking to the bedroom finally reaching it after what felt like hours. I guess I was more tired then I had realized cause as soon as I reached the bed, I collapsed on it. Falling into a deep sleep.

:Snowballs POV:

I was finally on my way back home after a long 7 hours of working at one of the busiest ice cream shops in the country. My job was great and I was paid very well but its the customers that really make me want to reconsider my life choices. I guess it wasn't the worst cause my work was very close to the school my girlfriend worked at and both were close to our house.

The drive from my work to home was about 9 minuets, which isn't bad at all. Saves you minutes if not an hour or two of sleep! I was about 2 minutes from home now, wondering how Basketball was. I knew she is sleep deprived and tries to get as much sleep as she can with work and her friends always asking her to hangout.

What annoys me the most is that her friends know she is sleep deprived yet, they still constantly ask her to hang out! But they are very understanding of her as well so I can't be *too* mad about it. I hadn't realized how lost I was in thought, I was already in the neighborhood me and Basketball lived in. I guess I was so used to where I lived, my body just knew where to go without me really thinking about it.

So within a matter of seconds, I pulled into the driveway, turned off the car, locking it, and heading inside. The door was unlocked as well with her car already in the driveway, meaning she was home already. So I quietly opened the door, being greeted by my Siberian husky, Snowflake, I got before BFB. I bent down so I could hug my dog and after about a couple seconds of him licking my face like the dog he is, I stood up and headed for me and Basketballs room. Knowing she was in there.

As I approached the door, I noticed it was halfway open so I just pushed it open all the way to see my girlfriend spread out on the bed, in a deep sleep. I softly smiled and walked up to her, placing a blanket over her before giving her a kiss on the head. Slowly and gently, moving some hair out from in front of her face. I looked over at the clock on our nightstand and noticed it was already 5:35pm. This was normally the time we would eat dinner but I can't really cook but she was asleep and I know she needs it so I decided I would cook dinner for the both of us.

I was honestly really worried I would start a fire since I am not proud of my cooking skills at all and neither is my girlfriend. Which makes sense since she used to be a part time chef for this restaurant down the street. Anyway, I slowly walked back out of the room, taking one last glance at my sleeping girlfriend before leaving the room completely, and heading towards the kitchen. And i'm going to do my very best to not burn anything..

Once I was in the kitchen, I started looking around at something that wasn't hard to make and something we would both eat. As I was looking around, I couldn't find really anything that you could cook without having to use the oven, stove, or air fryer.. and sure as hell, I'm not going to use any of those. So I decided I was just going to have to make microwaveable mac'n cheese for dinner since that was about all I could make.

I grabbed two packets, slowly opening them, and placing them in the microwave. It only took 2 minutes so I decided to go check on Basketball while I waited for the food to cook. Then I remembered the dog bowl was empty so I went back into the kitchen, grabbed some dog food, and filled the bowl for my dog so he wouldn't starve. What kind of person would I be if I let him starve?! After that was done, I started heading back to me and her shared bedroom. Once I was there, I slowly opened the door to see her sitting up, looking at the wall. I figured she was zoned out so I quietly walked in and tapped her shoulder.

:No ones POV:

Basketball jumped in fear as she turned to see it was just her boyfriend, Snowball. "What was that for?!" She almost yelled at him. Probably because she was zoned out to a song she was playing in her head and was startled by someone tapping on her shoulder. "Hey calm down love.. I was just coming in to check on you, hoping you were sleeping cause I know you don't get a lot of sleep.. but since your up, I've made dinner!" She looked absolutely terrified and quickly crawled out of bed and ran to the kitchen. She really didn't trust him cooking.

Once she got there, she was surprised to see nothing burnt and nothing on fire. But she also saw nothing at all, until she heard the

microwave beep. Her expression was very disappointed, knowing he made mac'n cheese. And right when she was about to scream for Snowball, he walked into the kitchen. "Did..Did you really make what I think you did." She asked with a stern voice, pointing to the microwave while looking Snowball right in the eyes.

"Yea.. You know I can't cook! And I couldn't wake you, you were sleeping!" He looked back at her, feeling embarrassed yet caring since he did care about Basketball. A lot. She rolled her eyes and opened the microwave, taking the two small dishes and placing them on the counter before handing one to Snowball and taking one for herself. "Only because I love you, will I eat this."

She grabbed two forks before walking out of the kitchen, Snowball following behind her to the dinner table. Basketball sat down at the table, taking one form and placing the second to the chair next to her. Letting Snowball know, to sit and join her. Which he did. He sat down next to her, picked up the fork, and started eating. She slowly did the same, following in his footsteps.

After about two minutes, both of them have finished eating and Snowball, being the kind boyfriend he was, took Basketballs empty dish and dirty fork before throwing away the containers and placing both of the dirty forks in the sink. As Snowball was cleaning the two forks, along with a dirty plate in the sink, Basketball stood up and walked up to him. She slowly hugged him from behind, resting her head on his back.

Once Snowball was done, he dried his hands on a nearby towel before slowly and gently picking Basketball up into his arms. Basketball was a bit startled but let him carry her back to their bedroom, holding onto him in case he decided to drop me for whatever reason. Once they arrived to their bedroom, Snowball gently tossed Basketball onto the bed and slowly climbing into bed with her.

Once they were both in bed and under the covers, Snowball pulled Basketball close to him and started running his fingers through her hair. Not long after did Basketball fall asleep in his embrace, resting her head on his chest. Snowball took this as his chance to close his eyes and fall asleep with her. Before whispering softly as he was

about to drift to sleep, "I love you..".

END!

Why did this take me more than 40 minutes... Anyway, I hope you liked the story! It was a lot longer then I thought it would be..but I think that's good!

Golf ball x Leafy (Fluff)

Request by: evilleafyismywifey (I HOPE I GOT THAT RIGHTTT)

(Humanized)

(NOTE: I have been having writers block for the stupidest reason so it might be worded weirdly and hopefully its decently sized!! AND I'm so sorry I pushed this back TWO DAYS! I have been having trouble finding a way to write this!! SORRY AGAINNN)

(Takes place during BFB)

ENJOY!:

Leafys POV:

Finally, the challenge was over and thankfully, neither my team or Golf Balls team was up for elimination. I was so lucky as well, my team was the second last so if we didn't manage to finish before the other team, we would have lost and I would be at risk for elimination! And that would mean I wouldn't be able to see my girlfriend, Golf Ball! Me and her have been dating for the past couple weeks and to be honest, it's been going great!
Shes much nicer and has a really kind and caring heart behind all of that attitude and anger! "Good job team, We did it!" I congratulated my team mates for the great work today and thanks to their hard work, we survived another day! "Yes! I'm so happy we were able to finish just in time before the other team!" Ballooney said as he put a hand on my shoulder. I smiled at him at his words and gave him a thumbs up. "If its alright with you guys, I'm going to go hangout with Golf Ball!" They let me leave and cloudy waved as I started to walk away from them. I waved back and turned around, heading towards

Golf Balls team.
Once I got there, I didn't see her so I asked Tennis Ball if he knew where she was. "Hey uh Tennis Ball? Do you know where GB is?" He turned and looked at me before pointing towards her underground factory. "Yea, she headed towards her factory. She said she needed to finish this gift thingy, not too sure but yea." I looked to where he was pointing before thanking him and heading on my way. He was a really nice guy too! Much nicer then Snowball.
As I approached her factory, I took a deep breath before entering.

Why was I nervous? Why wouldn't I be?! I haven't been in her factory before so I was scared I would break something or get lost! She would be so mad at me if i did..but I tried to stay calm as I walked down the long set of stairs and shortly after, reaching her lab. It was really incredible! It's so impressive! She really is so freaking smart! There were so many different inventions everywhere along with all these different machines! It surprisingly wasn't as big as I thought but for me, it was a good thing. I would hate getting lost or even worse, TRAPPED DOWN HERE! The thought terrified me! As I continued walking around, I spotted Golf Ball and she was.. making.. to be honest.. it was really hard to tell. She was at her desk, twisting gears and clicking buttons. The only thing that really caught my eye with what she was working on was the fact it was green and pink. She didn't really like color pink all that much so i was really curious on why she chose that color. I didn't really want to stand there and watch her cause I would feel bad just watching her making something she probably doesn't want me seeing, so I quietly walked up to her and tapped her shoulder. "H-Hey love! What are you working on?" I asked as I looked over her shoulder, noticing a bouquet of pink and green flowers but these flowers, were made mechanically which I thought looked so pretty! But before I could look at it from a better perspective, she quickly grabbed a white cloth and hid it before looking back at me. "H-Hi! D-Did you uh.. need anything darling?" I kind of felt bad I scared her cause when she spoke, she stuttered a couple times. "Hey.. I uh.. I didn't mean to scare you and I didn't mean to sneak up on you like this! I just.. I wanted to hangout with you.. but.. what you're working on is.. really pretty!" I spoke with a very kind tone and looked at her beautiful blue eyes.

"Well.. ok.." She spoke softly and turned back around, pulled the cloth back off the mechanical bouquet before handing them to me. "I..I was going to make this for you.. I.. I wanted you to know that I really love and care for you Leafy.. and I'm sorry if i ever said or did anything to make you feel bad about yourself.." My face flushed a deep shade of red and pink as she said those words to me. I couldn't help but take the beautiful mechanical bouquet into my hand, admiring its beauty. "Golf Ball.. This.. This is.. Amazing.. I love you so so much! And really.. I've put the past behind me so please don't feel bad if you did say or do anything to me! I want you to know that you are also very loved and cared for..~ I love you so much!" I carefully put the bouquet back down on her desk and wrapped her into a tight hug. She slowly stood up and hugged me back tightly before placing a kiss on my cheek, making me blush even more. "I love you too.. So much Leafy. Don't you EVER forget that.." I nodded and rested my head on her shoulder, still holding her tightly with her doing the same to me. "I know.. You are too.. So much.. So much.."

Sorry if that was short! I didn't know what else to add! I hope you enjoyed!

Flower x Lollipop (Smut)

(I swear to god this book is so dead anyway lol little to 0 reads or views!... yikes man)

(Warning: NSFW obv.)

(NOTE: Please don't comment on anything along the lines of, "cunt" "tits" or "clit" cause i'm just so annoyed people behave that way! Its fucking annoying. sorry.)

(Both Flower and Lollipop are GIRLS with GIRL parts.)

(Humanized)

(Lollipop top, Flower bottom)

((So I don't really have any plot ideas so it's not going to. Just straight to the smut! So uh... yea.. Enjoy!))

No ones POV:

Lollipop had pinned Flower down to the bed, glaring at her as she had one hand holding her arms above her head and the other hand trailing down her body. Flower slightly squirmed and whimpered underneath her, begging for more physical contact. "Oh?~ Is someone wanting something?~" Lollipop asked as she looked down to see Flower rubbing her legs together. Before Flower could respond, Lollipop moved both of her hands down to her thighs, squeezing them tightly as she slowly spread her legs open. Flowers whole face flushed a deep shade of red as Lollipop began to take off her skirt.

Lollipop smirked as she practically ripped her skirt and panties off her. Her cunt exposed to her. Lollipop continued what she was doing and took Flowers shirt off, leaving Flower only in her bra which was quickly taken off after.

Lollipop took a second to look at the beautiful and exposed body. But before Lollipop could do anything, she felt Flower taking off Lollipops shirt and looked back at her. "Take..Take yours off too..I..I want to see you too.." Lollipop blushed a bit but smiled and nodded, taking off her shirt, skirt, bra and left her panties on since she was going to please Flower tonight. Flower quickly moved her gaze from her eyes to her chest. Flower couldn't help but look at Lollipops tits, wanting nothing more than to feel them against her bare chest.

Lollipop of course noticed this and smirked. "Like what you see?~" Flower immediately looked away, blushing like crazy. Lollipop laughed a little as she lowered herself down to the point her head was right in front of Flowers cunt. Flower slightly gasped as Lollipop did so, looking at her with a flushed, red, and shocked expression. Lollipop smirked as she slowly dragged her tongue across her clit, making Flower shiver in pleasure. Lollipop took this as a sign to continue so she moved her tongue away from her clit, and instead pushed her thumb against it, making a circular motion on it.

Flower bit her bottom lip to try her best to contain her moans of pleasure she was receiving from Lollipop, grasping onto the bed sheets to try and hold her balance and not squirm as much. Lollipop continued to tub her thumb hard on her clit as she sucked on three of her fingers before shoving one inside Flower's tight hole. Making Flower gasp out in both pain and pleasure. She decided to continue thrusting her fingers inside of her, creating a pattern. Deep then shallow .. Deep then shallow. She did this for about a couple seconds before doing the same thing but this time, with two fingers.

Flower's lip started to bleed due to how hard she was holding back her moans and Lollipop quickly noticed. "Hey. If you keep hiding your moans, I'll stop." Lollipop looked at her and spoke in a serious tone, meaning every word. Flower was embarrassed of her moaning in front of her but wanted this to continue so, she stopped biting onto her lip. "Good girl~" Lollipop praised her as she shoved all three of her fingers inside of her this time. "Ngh!~" Flower finally gave into it

and let her moans and whimpers of pleasure out for Lollipop to hear and enjoy.

Lollipop smirked and continued to thrust her fingers inside of her, still rubbing her clit hard. But after a couple seconds of that, she could feel Flower getting tighter around her fingers and looked up at Flower. By the look of her expression, Lollipop could tell she was close to her climax. "Oh? Are you close?~" She asked, wanting to be sure she was right, and not long after she asked, Flower nodded her head. She was indeed very close to her climax. Lollipop then pulled her fingers out, making Flower whimper at the loss of touch but to be filled with something much more.

Lollipop bent forward and softly licked Flowers wet folds before slowly shoving her tongue into Flower. Flower let out a pleasured moan as she gripped onto the bed sheets even harder, enjoying every second of this. Lollipop took that as her sign to shove her tongue deeper into Flower, wanting to leave nothing untouched. Flower continued to let out pleasured moans at the feeling of Lollipop's tongue inside of her.

But not long after, that feeling came back and Flower was getting very close to her climax. "I-I. Nh! I-Im close!~" Flower finally managed to get out since it was harder to talk then she thought with all this pleasure drowning her body. Lollipop noticed this and pushed her tongue as far as she could inside of her, and pushing much harder onto her clit. Making Flower moan out even louder and without warning, she came right onto Lollipops tongue, and a little on her nose and chin. Lollipop smirked as she swallowed all she could manage to get in her mouth.

After that, Lollipop sat back up and looked at Flower to see her eyes shut closed, her gripping onto the bed, and her breathing fast and hard. Probably tired and warn out from her climax. Lollipop sweetly smiled before she crawled up to Flower, laying down next to her. Not caring that both of them had no tops on. She kissed Flowers cheek before whispering into her ear. "I love you.."

Flower blushed but rolled onto her side and faces Lollipop, hugging her tightly and resting her face in between her chest. Lollipop blushed but smiled and moved on of her hands down to her waist,

pulling her closer and the other to her hair. It wasn't long until Flower fell asleep in Lollipops arms and Lollipop falling asleep shortly after.

＜3 HAPPY ENDING! ＜3 (No. I will NOT make a sad ending. SHoo)

Pins POV:
I was walking around dream Island, looking for Leafy. I asked Firey where she would be and he said she was probably in Yoyleland so thats where I went. And thankfully, there was an extra map I could use to get there. And so I did. Once I was there, I looked around and to my surprise she was sitting behind one of the Yoyleberry bushes. Crying.

My heart sank as I could hear her sniffling and sitting on the ground with her legs pulled up to her. I slowly approached her so as to not scare her and she noticed me quite fast. But it hurt me when she wiped her tears away and faked a smile, like she doesn't want me to know she was upset..

"H-Hey.. Leafy... whats wrong?.."

I spoke in a gentle tone. Not wanting to scare her. It really hurt me seeing her like this and I wanted to do everything I could to help

her.

Leafys POV:

As soon as I heard her voice, I wiped my tears away before looking at her. I didn't want her to know I was crying and I didn't want to tell her why. But it was too late. She sat down next to me and placed one of her hands of my shoulder.

"..I..I'm fine... w-why are you here anyway?.."

No ones POV:

Pin looked at Leafy, both upset and concerned for her mental state right now.

"No Leafy. Your not fine. I came here to see if you were ok.. and you're clearly not. So no matter how much you ask me to leave, I won't. Not until you tell me what's wrong so I can help you.. Ok?.. I love you Leafy.. And.. I don't want anything to happen to you.."

Leafy continued to look at Pin, tears starting to form once again. Pin noticed the tears in her eyes and scooted a little closer to Leafy, wrapping her arms around her. Doing her best to comfort her. "It's ok.. i'm here now.. its ok.." Leafy sat there speechless, until she decided to wrap her arms around Pin. She smiled. She felt safe.

Leafy POV

As I sat there, I felt myself tearing up again. But I wasn't sad, I was... Happy... I was crying tears of joy. I sat there in silence smiling. I'm so happy to have someone who understands, who will listen. I... I needed her.

No ones POV

Leafy and Pin both sat there speechless, enjoying the moment. Everything else didn't matter anymore. The only thing that mattered was this moment together. Leafy looked over at Pin with a smile. "Thank You." She whispered. Letting the silence take over again.

(PS: THIS IS A RLLY OLD DRAFT AND I FORGOT TO FINISH ITTTT AHHHHHHH)

OKOK HERE YA GO!!!＜333

Blockys POV:

You know, after BFB ended, there hasn't been much going on and to be honest I've never felt more relaxed. Since about all of BFDI was obsessed with pulling pranks and posting to my channel called "Blockys Funny Doings International". And since I've grown out of that, i.. picked something else up. Feelings for Taco.

I'm not sure what about her I like but.. she's.. so easy to talk to and she actually talks to me and listens to me. She helps me as well. And not to mention how beautiful her and her voice is. To be honest, Fuck Book. They made Taco feel so bad for so long.. anger and sadness.. I felt awful but.. didn't say anything and did my best to not show anything at all.

I think that's why I also stayed in BFB. To stay with her secretly. Ok but I still love my pals Pen and Eraser but.. I.. I wanted to be there for Taco in case anything else happened. Luckily nothing did and ..I.. just wanted to be sure.

I wanted to be there for her and keep her safe. I want her to feel loved and cared for. I want her to love herself and I want her to be happy!.. that's why I was going to ask her to be my girlfriend today. Ok.. I was so nervous but.. even if she didn't want too, I would even like to just be friends with her.. to.. be there for her.

All I had to do was wait for her to arrive. I've been waiting patiently for the past 7 minutes . The worst 7 minutes of my god damn life! I sent her the text to meet up with her. I asked her if she could help me with something, but obviously she wasn't going to help me because I didn't need help with anything. It was a lie to get her here, alone, and so I could ask her to be my girlfriend..

And luckily, as I was about to pull out my phone to ask where she was, she knocked on my front door. I slowly opened the door and quickly put my phone away and gestured her inside my home. "H-Hello.. thanks for coming." Oh god. Now i was stuttering. This was probably going to give it away. Ive never told a crush how i felt. And for a while during BFDI, I had a crush on Pen. But Pen was always so much closer with Eraser, I didn't want to get in the way. And maybe it was better i stayed friends with him.

But that didn't matter. Today, I AM telling Taco how i feel about her and how much i love her. So i stepped aside as she stepped into my house. "Hey Blocky. So what did you need help with? And why did you ask me of all people?" She looked over at me as she closed the door behind her. "Oh well.." I said, "I just felt you were better for the job.. I would've asked Woody but.. you know how he is!" I chuckled. She smiled and nodded her head. "Yes i get why. But what do you need help with, Blocky?" I sighed.

I stepped closer to her and put my hands on her shoulders. "Ok listen.. I didn't need help with anything. I.. need to ask you something.. really important.." Her eyes widened slightly as she look at me but didn't get annoyed and nodded. Actually taking what i was going to say, seriously. "Oh. Yes of course! What is it?" I took a deep breath and looked right into her eyes. Mine filled with love, compassion, loyalty, and truth. "Taco.. You.. You are the... The prettiest girl.. I know. You're so kind.. so kind.. and you're so.. so pretty. You.. take my feelings.. and me as an object, seriously.. You.. accept that i'm a different person from who i used to be.. you.. have

helped me.. so much.. and i never really got the chance to say.. thank you.. thank you so much.. and.. for so long i've been.. wanting to ask you this.. so.. Taco.. will you.. be my girlfriend?.. I promise to actually take everything you say seriously, care about your feelings and well being, help you, protect you, i will never call you annoying or emotional because of your periods and stuff.. I.. love you.. so much.."

After i said that, she was silent. Tears were falling down her face and before i could ask if she was ok, she hugged me tightly and said, "Yes! Yes i will! Oh Blocky!... I.. love you too.. so so much.. and.. thank you.. so much.. I.. I promise to be a great girlfriend for you..!" Blocky hugged her back tightly, tears falling down his own face. "Taco.. please just be yourself.. being you.. would make me even happier than trying to be the "perfect" girlfriend.. cause you being you.. makes you the perfect girlfriend.. I love you.. s-so much.." "I love you too.. and.. thank you.. thank you so much.." She pulled away from the hug and looked at me with a sad/happy smile. I smiled and wiped her tears away before placing a hand on her cheek and softly kissing her lips, as, she kissed me back.

I never wanted this moment to end. This.. this is a start.. of my.. no.. our life together.. and i'll never leave her side.. never.. "I love you.. Taco.." I say after she pulled away from the kiss. "I love you too.."

(The story ends with Blocky holding Taco by the waist and Taco clinging to his chest while they were standing in his living room and the moon light shining through the curtains. Capturing the perfect love between the start of they're new chapter together in a journey called, life.)

No POV:

Stapy had Foldy pinned down to the bed with one hand holding her arms above her head while his other hand was pushing against her already wet clit, causing Foldy to let out a not loud but not quiet moan.

Stapy kept teasing her like this for a good 2 minutes until he let go of her arms and stopped rubbing her clit. And without warning, he pushed 2 fingers into her. Causing her to flinch in shock. It didn't hurt her but it was definitely sudden.

He stayed at a steady yet rough pace since this hadn't been the first time they have done this together. Not long after, she gave him the signal to start if he wanted. "I-I'm ready.. you can start.." Stapy slowly

pulled his fingers out and put some lube on his member before lining it up to her hole.

"Are you sure?" He looked at her once more to make sure he had her consent. "Yes.." He softly smiled. "Ok.. and if it becomes too much or hurts, let me know. I won't get mad." She nodded. At that, he slowly pushed it inside her, and caused her to gasp and whine softly. Once the tip was inside, he slowly started thrusting it in and out of her. Making sure to stay gentle until given permission to speed up and get more intense. And after another 3 minutes, she said, "Y-You can go faster now.. I-I can take it.." He nodded. But before he started picking up the pace he leaned down and kissed her on the cheek. She smiled and was about to say something but he cut her off when he started thrusting into her at a much faster and rough pace.

Stapy knew she wasn't going to last long since she never did, but he was still going to pleasure he beyond her climax. Cause not even a minute into his thrusting and Stapy was gripping onto the bedsheet with her head thrown back, a moaning mess. And as soon as he hit her sweet spot, she was *such a mess.* She had tears of pleasure falling down her face as she kept moaning out his name. She was really close to her climax.

Stacy noticed this and started ramming into her, absolutely sending her into overwhelming pleasures. And because of this, her walls started tightening around his member. They were both on the edge of their climax. So Stapy decided to rub her clit as fast as he could with the same pace as his thrusts, and not even 20 seconds later, she came all over his fingers and member. And not long after, he came deep inside of her.

After calming down from their high, Stapy pulled out of her and flopped down on the bed beside her. And as soon as he flopped down beside her, she rolled over and clung onto him. Not long after, she fell asleep. And I guess he fell asleep as well. Holding her close to him. They would both clean up tomorrow.

Vent. (Sister keep off)

I'm so sorry. Things have gotten even worse in the span of.. 3 months? Idk. ever since joining the OSC community I felt very accepted.. and comfortable. But now I just.. idk. I don't feel important. I idolize a lot of on both TikTok and Wattpad. And I interact as much as I can to feel heard, and it never ends up working. I see everyone else being seen, appreciated, loved, and talked to.. except me. So I've been gone for so long because of these bottled up emotions I haven't even talked to my partner about because I'm that scared and upset. And besides it's easier to write stuff down than talk about it. I'm not leaving the OSC community but I need a break from it. And when I mean that, I mean no social media's. Or at least.. not as much. Like 5 minutes a day. Or less. I'm not on TikTok anymore because a lot of this mainly happened on that platform. I tried posting video upon video to get recognition and to feel heard .. nothing really happened. All my other friends had 6x the amount of followers, likes, and appreciation. Heck, even their story got more likes than an edit I spent 2 hours on. I don't know what I did wrong .. but i came down to the conclusion that I'm annoying. Mainly because I always text like "HIII" that. In all caps and super bubbly energy. So I just felt this community would be happier if I kept to myself. I bet my moots didn't even see the explanation I put of this on TikTok yet. I doubt they even will. But that makes sense. So yea. Basically I'm going to stop writing on this story and every other story and I'm just going to keep the conversations of all of this to my partner and maybe family. I'm very sorry to the people who left requests. I got really stressed and lost a LOT of motivation. I'm very very sorry. Attack me. I don't really care. Anyway, stay safe. Bye.
